About the artist

I am a live painter in the Kansas and Missouri area who loves to capture the beauty in our world through my art. Getting to be a part of your big moments and capture the fun, the love, and the excitement is what I love most.

In 2016, I graduated from Drury University with my Bachelor's in Fine Arts and Arts Administration. I began my part time business as an artist in 2017, selling my work and creating custom paintings. I have been doing event painting for over 5 years.

How does it work?

I come set up at your event and paint while it happens! I coordinate with you on when to arrive, the best place to set up, and work out any other logistics you or I need to know.

I want you and your guests to come and watch the painting transform. It does not make me nervous to have people watch me paint, in fact I really want you to come and watch! Come say hi and join the fun.

Will the painting be done by the end of the night?

Yes, that is always my goal! The painting will be complete by the end of the reception. If revisions are needed, I will take it home and add final details. Then I will deliver or ship it to you! I want this painting to be perfect for you.

What to consider when selecting your painting

Where will you hang the painting?

Consider where in your home you will hang the painting. This will help you determine what size and colors you want.

What size of painting do you want?

Once you have figured out where to hang it, consider what size would work best in that space. (If you aren't sure where you want to hang it that's ok!)

What scene do you want?

I can paint any scene you want. Consider what moment you want to remember from the day. A few ideas:

- First Dance
- Ceremony
- First Kiss
- Ceremony Exit

What style of painting?

What colors do you like? Do you like bright and vibrant colors or more rich darker colors? Review examples in the following pages to see what kind of painting you want.
